Paediatric Footwear Range

...for the world's most precious feet

Paediatric Footwear Range

...for the world's most precious feet

The foot is an intricate structure containing 26 bones, 19 muscles, 31 tendons, 33 joints, 107 ligaments and several metres of nerves and blood vessels. The latest Blatchford designs cater for precious growing feet from infancy right through to teenage years. Sporty, casual and comfortable, the new range is designed to protect and support children's feet throughout this important development phase in their lives.
